

Public Hearing: September 19, 2005

FACT SHEET

TITLE: Request for use of right-of-way for placement of a buried electrical service and a buried data communications line.

SPONSOR: Public Works and Utilities

OPPONENTS: Unknown

OTHER DEPARTMENTS AFFECTED:

STAFF RECOMMENDATION: Approval

APPLICANT: Union College

REASON FOR LEGISLATION: Placement of a buried electrical service and a buried data communications line under Prescott Street between So. 49th And So. 50th Streets.

DISCUSSION

The Public Works and Utilities Department has received a request for a use of public right-of-way for the placement of a buried electrical service and a buried data communications line under Prescott Street between So. 49th and So. 50th Streets. This action would allow Union College to relocate an existing electrical service line for expansion of the Seventh Day Adventist Church at the southeast corner of So. 48th Street and Prescott Street. It will also allow the placement of a buried data communications line from the Union College Campus to the church.

The Public Works and Utilities Department recommends approval of this request with the following conditions. That the contractor contacts Diggers Hotline of Nebraska prior to commencing construction activities. It is also recommended that the applicant become a member of Diggers Hotline or contract with a locating service for the proposed buried service lines.
